# CORE BENCH

## PRODUCT DESCRIPTION

This procedure back-table bench brings surgical supplies to the point of care, increasing procedure efficiency and maximizing your procedure room storage. These cabinets can store peel packs, disposables, and other essentials right where you need them at the point of care.

The CORE BENCH was designed specifically for use in the healthcare industry. This high-quality logistic system is ISO 3394 standardized and can be used in all departments of the hospital. Work top options include ¾" thick Stainless Steel or Phenolic, perfect for durability and infection control. The storage accepts the same tray system from CORE CART.

- Key lock options
- Tempered glass doors
- Compatible with CORE CART shelving system
