KEWAUNEE®

At EVERHUTCH we're making vital products for the healthcare space. We provide you with **STORAGE WITH PURPOSE** that you need to organize and optimize your environment.

EVERHUTCH leverages more than a century of experience from Kewaunee, a recognized global leader in the design, manufacture, and installation of laboratory, healthcare, and technical furniture products.

A North Carolina based company founded in **1906**, **KEWAUNEE'S** history of quality products and scientific expertise empowers EVERHUTCH to provide you with healthcare solutions to deliver quality patient care. With a suite of products designed to meet the needs of both the modern healthcare setting and clinical lab space, flexibility and adjust ability are essential.

We've got you from start to finish. Our products are proudly made in the US under one roof, ensuring quality and reliability through the entire process.

STAT CART

This procedure cart was specifically designed for patients and caregivers in mind. Defining features promote infection control, adaptability and durability.

STATCART standard sizes and options in drawers and trays were made to be compatible with existing procedure carts on the market today. This compatibility creates uniformity and allows hospitals to easily upgrade their cart without the need to update protocols. **STATCART** is quickly adaptable to meet the demands of different departments with its efficient equipment management Rail System. Due to the adaptability of its components, this system allows customers to find the optimal solution to answer specific clinical needs. Available with multiple lock options including a key lock, electronic keypad and electronic keypad with proximity card reader. The locking system can also be set up to offer dual credential unlocking. The cart is easily maneuvered around on plate-mounted swivel and locking casters.

This high quality storage system is manufactured and sourced in the USA and can withstand any demanding healthcare environment.

STAT CART | EQUIPMENT MANAGEMENT

The EVERHUTCH equipment management system provides flexibility and the opportunity to configure any cart to work in any department. Accessories can be easily removed, added or relocated to another position on the cart to increase efficiency and ergonomics. These accessories can also be moved easily from existing wall equipment rail systems to the cart and back again. This system gives healthcare workers the flexibility needed for optimum patient care.
