IV START CART

PRODUCT DESCRIPTION

The EVERHUTCH IV Start STAT Cart is a compact, mobile solution designed to streamline IV access procedures in clinical settings. It features a robust steel frame and full-extension soft-close drawer slides, five drawers for organized storage, an overhead tilt bin system for quick access to small items, an integrated glove box holder, and a side-mounted IV pole for bedside fluid management. Additional accessories include a mounted sharps container, waste bin, and smooth direction-lock casters for effortless mobility. Built with durable, easy-to-clean surfaces, this cart supports both caregiver efficiency and infection control—all proudly made in the USA.
