PEDIATRIC CART

PRODUCT DESCRIPTION

The EVERHUTCH Pediatric STAT Cart is purposefully designed to support pediatric emergency care with organized, rapid-access storage aligned to Broselow color-coding standards. Built on a durable steel frame with direction-lock casters and full-extension soft-close drawer slides and smooth-rolling casters, the cart ensures strength, stability, and mobility in high-pressure environments. Color-coded drawers help streamline treatment workflows and reduce errors during critical situations. Key accessories include an O₂ Tank Holder, Defibrillator Shelf, Suction Pump Shelf, IV Pole, and a CPR Board—each strategically positioned for immediate availability during pediatric resuscitation efforts. With its thoughtful layout and robust construction, the Pediatric STAT Cart empowers clinicians to deliver fast, accurate care when every moment counts.
