# THE NEWEST AND LARGEST HEALTHCARE STORAGE

HEALTHCARE DIVISION BY  
**KEWAUNEE**

At EVERHUTCH we make vital products for the healthcare space. We provide you with STORAGE WITH PURPOSE that you need to organize and optimize your environment with our procedure carts and cabinets.

EVERHUTCH leverages more than a century of experience from Kewaunee, a recognized global leader in the design, manufacture, and installation of laboratory, healthcare, and technical furniture products.

A North Carolina-based company founded in 1906, KEWAUNEE'S history of quality products and scientific expertise empowers EVERHUTCH to provide you with healthcare solutions to deliver quality patient care. With a suite of products designed to meet the needs of both the modern healthcare setting and clinical lab space, flexibility and adjustability are essential.

Our long-standing history of working with architects and planners means no project is too small or large. Our manufacturing capabilities are unrivaled in healthcare, from individual carts to capital projects for new construction hospitals. We can provide any or all products by leveraging our own local warehousing ensuring on-time delivery for your project.

We've got you from start to finish. Our products are proudly made in the United States under one roof, ensuring quality and reliability throughout the entire process.

## **YOUR CART**

This procedure cart was specifically designed for patients and caregivers in mind. Defining features promote infection control, adaptability and durability. STATCART standard sizes and options in drawers and trays were made to be compatible with existing procedure carts on the market today. This compatibility creates conformity and allows hospitals to easily upgrade their cart without the need to update protocols. STATCART is quickly adaptable to meet the demands of different departments with an efficient Equipment Management Rail System. With just a click you can configure your cart on this double-sided rail system. Due to the adaptability of its components, this system allows customers to find the optimal solution to answer specific clinical needs. Available with multiple lock options including a keyed lock, electronic keypad and electronic keypad with proximity card reader.

The cart is easily maneuvered around on plate-mounted swivel and locking casters. This high quality storage system is manufactured and sourced in the US and can withstand any demanding healthcare environment.

# STATCART | SPECIFICATION

## SPECIFICATIONS

### Maneuvers Easily

- Heavy-duty construction
- 5" locking swivel casters
- 5" tracking caster

### Supports Thorough Cleaning

- Integrated seams
- Smooth exposed surfaces
- Chemical resistant powder coat
- Corner posts with less channels to clean
- Removable draws & trays
- Scratch resistant work surface with drip edge
- & smooth corners for easy cleaning

### Security

- Key lock
- Electronic keypad
- Prox card reader (High and Low frequency's)
- Self-closing drawers

### Adaptable To Your Workflow

- Configurable drawers of increments of 3" – 6" and 9"
- Full-extension, soft closing drawers
- Interchangeable components with Paladin Health-care Equipment Management Rail System
- 8 STATCART configurations available in 2 widths and four heights.

## SPECIFICATIONS

### Caster

- 5" Swivel Locking Casters:
- 3 Total Lock & 1 Direction Lock
- 3.875" Caster Overall

### Material

- Shell 18-Gauge Steel
- Drawers 20-Gauge Steel

### Finish

- ABC Powder Coat

### Drawer handles

- Brushed Stainless Steel

### Warranty

- Limited Life Time Warranty

# STAT CART | EQUIPMENT MANAGEMENT

The EVERHUTCH equipment management system provides flexibility and the opportunity to configure any cart to work in any department. Accessories can be easily removed, added or relocated to another position on the cart to increase efficiency and ergonomics. These accessories can also be moved easily from existing wall equipment rail systems to the cart and back again. This system gives healthcare workers the flexibility needed for optimum patient care.

**EVERHUTCH.COM** - STORAGE WITH PURPOSE

# CORE CART

The cell storage system was specifically designed for use in the healthcare industry. This high-quality logistic system is ISO 3394 standardized and can be used in all departments of the hospital. Because of the adaptability of its components, this system allows customers to find the optimal solution that answers to their specific needs while saving up to 30% of space in comparison to more traditional shelving systems.

Available with multiple lock options, including keyed lock, electronic keypad, and electronic keypad with proximity card reader (two frequencies).

The cart is on four swivel locking casters for ease of movement and designed in a powder coated steel for efficient cleaning, and includes two side handles for easy maneuverability.

- Available heights 76"
- Key lock options
- Tempered glass doors

# CORE BENCH

This procedure back table bench brings surgical supplies to the point of care, increasing procedure efficiency and maximizing your procedure room storage. These cabinets can store peel packs, disposables, and other essentials right where you need them at the point of care.

The CORE BENCH was designed specifically for use in the healthcare industry. This high-quality logistic system is ISO 3394 standardized and can be used in all departments of the hospital. Work top options include  $\frac{3}{4}$ " thick Stainless Steel or Phenolic, perfect for durability and infection control. The storage accepts the same tray system from CORE CART.

CORE Bench Package **G2N**

## KEY FEATURES

### Maneuvers easily

- Customized solutions for Cath labs, IR labs, and General Storage.
- Robust design
- 5" Locking swivel casters

### Customizable

- 21 Accessory packages available
- 29 Individual accessories available
- Handle configurations & 2 Work top options

### Adaptable to Your Workflow

- Adaptable as needs change with various accessory packages
- Interchangeable components with EVERHUTCH solutions
- Accommodates variety of medical equipment
- Configure your own custom CORE Bench

## SPECIFICATIONS

- Dimensions: 42 x 42 x 27" HWD
- Weight: 250 LB
- Caster Wheel 5"

### Certifications

- Conforms to UL 60601

### Finish

- Snow White Powder Coat

### Side Handles

- Brushed Aluminum

### Warranty

- Refer to EVERHUTCH.com for complete warranty information

# NEST CART

## **Maneuvers easily**

- Heavy duty construction
- Conforms to UL 60601
- 3" Locking swivel casters

## **Supports thorough cleaning**

- Integrated seams
- Smooth exposed surfaces
- Chemical resistant powder coat
- Supports infection control practices

## **Security**

- Key Lock available
- Self-closing drawers

## **Adaptable to any environment**

- Ideal for areas with limited space
- Standalone or "NEST" under table
- Full-extension drawers
- Soft-touch closing drawers

## **Adapts to your Workflow**

- 31 Configurations of NESTCART
- Accommodates a variety of medical equipment

# CASE STUDY | NEW CONSTRUCTION

## FLORIDA HOSPITAL

This new 204-bed hospital opened in the Spring of 2024 with two six-story towers designed to enhance patient comfort and care. This facility includes general surgery, orthopedic surgery, urology, imaging, cardia catheterization, emergence care, and labor and delivery.

This project included one hundred and thirty mobile carts, including CORE Carts for the cardiac catheterization labs, code and anesthesia carts for labor and delivery as well as the O.R., CORE Carts and CORE Benches for the Endo/Bronch suites, and CORE Carts and STAT Carts for the I.R. Labs.

This project was delivered over a period of two months and included on-time delivery and installation from our location representatives, Beveridge Medical Associates, Inc.

# CASE STUDY | NEW CONSTRUCTION

## FLORIDA HOSPITAL

# CASE STUDY | NEW CONSTRUCTION

## CARDIOVASCULAR SURGERY CENTER

Launched in early 2025, this one-story outpatient cardiovascular center will house three cardiac catheterization labs, 16 preparation and recovery bays, and room for a future buildout of a fourth catheterization lab if needed.

This project included twenty 2-bay CORE Carts with various accessory configurations including pull-out catheter managers, loaded trays and baskets, and general storage with shelves and dividers. Also included were twelve narrow procedure STAT Carts for patient care.

This is one of two current projects for this large health system, including a four-story Orthopedic Health and Performance Center.

# CASE STUDY | RENOVATION

## UNIVERSITY SCHOOL OF MEDICINE - SURGICAL SIM LAB

Opened in 2024, this multidisciplinary surgical simulation lab provides state-of-the-art platform for hands-on education of surgical trainees in the departments of Otolaryngology, Neurosurgery and Ophthalmology.

This project included several CORE Cabinets including pegboard and trays for instrument storage, custom ceiling enclosures and end scribes to fit the built-in niche for the cabinets.

Part of a larger renovation, Innovative Laboratory Systems met their project's criteria and delivered a highly functional laboratory and equipment system within budget and on-time.

# CASE STUDY | RENOVATION

## PENNSYLVANIA HOSPITAL - HYBRID O.R. RENOVATION

Opening in 2025 for inpatient services, this hospital offers 52 beds, more than 75 exam rooms, and an expanded neonatal unit.

This project included eight custom CORE Cabinets installed into three different niches that included custom locks, ceiling enclosures and end scribes. Located in the corner of the room were four custom base and upper cabinets with matching locks.

The EVERHUTCH team helped facilitate a pre-planning on-site demonstration of CORE Carts, STAT Carts, and CORE Bench, participated in drawing review meetings with the architect and equipment planners, and worked with our distribution partner, CME Corp., to deliver and install the product.

# THE EVERHUTCH CAPITAL PROCESS

## CONSULTATION

- Initial discussion with Architect/Equipment Planners on design intent
- Understand space planning, workflow challenges, and equipment needs
- Focus on identifying appropriate product lines (CORE Cabinets/Carts, Casework, etc.).
- Identify opportunities for on-site product demonstrations

## REFINEMENT

- Collaborate on custom configurations, finishes, and accessories
- EVERHUTCH finalizes drawings
- Quote issued

## MANUFACTURING & WAREHOUSING

- Finalized designs enter production/engineering
- Lead times evaluated and scheduled based on delivery schedule
- Quality control and staging for accurate fulfillment

## DELIVERY & INSTALLATION

- Logistics arranged for on-time delivery to customer site
- On-site support or installer guidance as needed
- Ensure storage solutions integrate seamlessly into workflow
